Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant discussed the conduit path as it relates to the recess or expulsion aperture and how the conduit and recess/expulsion aperture are directly connected to improve discharge of debris. Applicant stated that Eichberger's conduit and recess/expulsion aperture are separated by a wall and therefore not indirect contact. Application to delete claims 3 and 5 and to amended independent claims 1 and 14 to clearly define the direct connection between the conduit and the recess/expulsion aperture. Applicant to file a Terminal Disclaimer.
